

Wilkin & Guttenplan P.C.

Certified Public Accountants and Consultants

Litigation Support

Even the most reputable company is vulnerable to fraud. At Wilkin & Guttenplan, we have a demonstrated record of success on which to build a compelling case for law firms to enlist our support in a breadth of litigation situations. As a result of the industry knowledge our professionals possess, we are capable of providing comprehensive analysis that looks beyond the numbers to explain the realities of economic and business matters.

Our forensic accounting team understands the many complex issues facing today's organizations. The firm has expertise in many areas, from forensic and investigative accounting to litigation and regulatory matters to computer forensics. Our team is widely known for our investigative approach and credentials. In addition, our professionals hold designations as Certified Fraud Examiners and have experience providing testimony before state and federal courts.

Experience You Can Trust

Our team has provided their expertise in a variety of assignments, including:

- Asset, intellectual property, and business valuations
- Expert witness testimony
- Family business disputes
- Forensic accounting
- Fraud investigation
- Insurance claims
- Lost profit analysis
- Matrimonial issues
- Real estate, construction, and transition claims
- Tax investigation/dispute resolution
- Probate litigation support
