ACCOUNTING & ASSURANCE

WilkinGuttenplan provides individuals and closely-held businesses across a wide range of industries with audit and accounting solutions that meet their needs.

Our team brings a depth of expertise and understanding to each engagement. With our low turnover, clients benefit from consistency and quality year over year. Familiarity with our clients' businesses allows the team to deliver efficient and cost-effective service while being able to provide detailed insights, identify opportunities to improve business operations, and offer solutions to maximize profitability and efficiency.

Industry regulators have assured our professional standards, and compliance follows the rules of our profession. As a member of the American Institute of Certified Public Accountants, WilkinGuttenplan undergoes peer review every three years. Our most recent review resulted in an unmodified report with no letter of comments.
