

EMERGING ENTREPRENEURS

LET'S ACHIEVE YOUR GOALS. TOGETHER.

Whether you are just starting or inheriting an established business through the generational transition, we have a dedicated team that understands the importance of accurate financial records to run a successful business. At WilkinGuttenplan, our Emerging Entrepreneurs Group of experts provides accounting and audit help to alleviate the economic challenges faced by new or seasoned business owners.

Two of the most-identified business challenges for entrepreneurs are cash flow management and taxes. Therefore, we believe a partnership with us will relieve the burden and worry associated with complex financial and tax situations, allowing you to focus on your true passion: growing your business.

JUST STARTING OUT?

Let us help you with these basics, so you have a strong framework, including:

- Choice of entity
- Accounting systems
- IT infrastructure
- Payroll

ESTABLISHED AND GROWING?

Let us assist with various scaling up processes so that you can take your business to the next level, including:

- Financing
- Business plans and presentations
- Personnel practices
- Compensation and incentive plans
- Multi-state/multi-location planning
- Growth strategies
- IT & accounting infrastructures
- Managing remote locations

READ TO EXIT?

Let us guide you, whether you're looking to sell or transition; we can provide:

- Exit strategy
- Buyer interface
- Valuation services
- Negotiation services
- Financial planning for proceeds

Experience the power of collaboration; tell us your business vision and goals, and together we'll make them happen.
